

Employer Partners Information

Jennifer, Senior Director of Career Services

At Harrison College and The Chef's Academy, our career services members dedicate themselves to learning about your business.

As an employer looking for your next motivated team member, you want to choose the best person available to fill an open position. Our career services staff are excited and ready to help you find a match, because we know that our students' success can lead to your success. Harrison has a full team dedicated to:

HireHarrison

Through HireHarrison, our online career platform available to Harrison and The Chef's Academy students and alumni, you can discover and hire career-driven interns, externs and full- and part-time employees.

You also can post job openings, search for qualified candidates and learn about on-campus recruiting and networking events. To register, please visit HireHarrison.com.

Employer Support

We have a career services team member at each campus location, as well as an online team, dedicated to assisting you in your search for the right candidates for open positions in your organization. From internships and externships to full-time positions, we are confident that we have a student who can benefit your company.

Advisory Boards

To ensure graduates are prepared for their place in the job market, we have advisory boards at each campus. Consisting of prominent industry and community leaders, the advisory boards offer input to identify community needs and anticipate industry trends. In turn, these new trends and requirements drive our curricula, ensuring our students are qualified for their desired careers upon graduation.

Internships/Externships

Internships and externships provide our students with a valuable learning opportunity and can potentially lead to a full-time employee for your company. Throughout the year, students are available for internships or externships within their fields of study.

"HireHarrison is an amazing tool—not only is it free to employers and the community, but our students can use it for a lifetime."

Jennifer, Senior Director of Career Services

“When I submit a job description to Harrison College, I know that **within a day they will provide me with a variety of qualified candidates, not just a stack of resumes.**”

JD, Human Resources, Ascena Retail Group

If you want strong new additions to your team, **Harrison is here to help.**
